**262.56(a)(5)(i): WASTE REDUCTION EFFORTS**

- Air Products works to ensure that hazardous wastes are properly segregated from non-hazardous wastes to minimize the total volume of hazardous waste generated. These waste streams are process related wastes, so as production volumes increase or decrease, so does the volume of hazardous waste.

**262.56 (a)(5)(ii): WASTE REDUCTION RESULTS**

- Air Products hasn't been able to quantify any reduction by properly segregating wastes.
